

## **The Highway Bill: What Montanans are Saying**

**“The highway bill has long been an important catalyst for good construction jobs in Montana. We appreciate Senator Baucus keeping the highway bill on the front burner and we hope that the House and the President will follow suit.”**

*-Cary Hegreberg, executive director of the Montana Contractors Association*

**“Infrastructure needs in communities across the Rocky Boy’s Reservation have become even more intense due to flooding over the last few years. The highway bill is critical for tribal communities and all of Montana because it provides the investments we need to keep people working and keep traffic flowing safely. We appreciate Max’s hard work on this and hope that this bipartisan momentum will continue.”**

*-Tim Rosette Sr. of the Chippewa-Cree Tribe of Montana's Rocky Boy's Reservation  
(Senior Public Works Administrator)*

**“The highway bill will support construction jobs in the short term and invest in our infrastructure for the long haul. I want to thank Max for taking the lead on this common sense bill that directly answers the problem of a jobs crisis with job creation.”**

*-Al Ekblad, Montana AFL-CIO executive secretary*

**“MAP-21 will provide an immediate and significant investment (and billions in Montana) into America's infrastructure. We need the construction and repairs and we need the jobs. Senator Baucus has been a leader on the highway bill and we urge Congress and the President to get this passed.”**

*-Webb Brown, Montana Chamber of Commerce president*

**“I commend Max for stepping up to the plate to make sure Montanans are taken care of in this economy where workers definitely need his leadership, and the infrastructure of our state and country need the funding to meet the new demands of a growing America.”**

*– John Roeber, president of the Montana State Building and Construction Trades Council*
